

ELECTIONS SASKATCHEWAN

GE28 Communique for Chief Official Agents Issue Twenty-Five: May 4, 2016

This Communique asks Chief Official Agents to advise candidates and business managers of the need to complete an important survey.

Candidate and Business Manager Survey

Elections Saskatchewan is already preparing for the 29th General Election. Part of this effort involves determining how we can most effectively serve candidates and business managers.

As I mentioned last week, I have worked with the University of Saskatchewan's Social Sciences Research Laboratory on a brief survey of candidates and business managers. I would like to ask if you would distribute the survey link – included below – to all of your candidates and business managers via email. Elections Saskatchewan does not have email addresses for every candidate and business manager who participated in the April 4 election and I would like to ensure our sample size is as large as possible. I also want to ensure that every candidate and business manager has an opportunity to provide Elections Saskatchewan with comprehensive feedback on their experience during the election.

The survey can be accessed by clicking on the following link:

Please forward the link or this entire communique to your candidates and business managers. We do intend to follow-up with business managers again in several months' time to survey them on the political finance-related aspects of their work. Thank you very much for considering this request.

A handwritten signature in cursive script that reads "Michael".

Dr. Michael Boda
Chief Electoral Officer
Province of Saskatchewan
